

Xpress-peditor Landing Table System

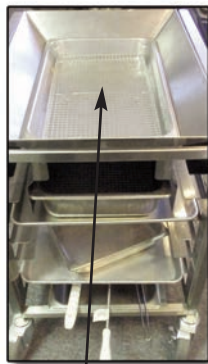

Model LT-4

The versatile *Xpress-peditor Landing Table System* features a multi-functional piece of foodservice support equipment that serves various needs in a busy kitchen and serving area.

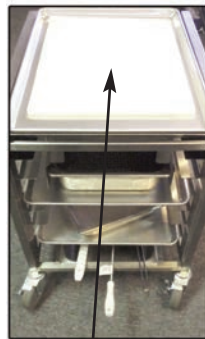

- Portable Dump Station - easily dump cooked product directly into serving pan, **reduces spillage and waste.**
- Use as a **FIFO rotation system** - place pan of fresh cooked product on rack beneath funnel ... transport to point of sale ... dump older unsold product on top of new (FIFO) and place full pan for serving.
- Place a sheet pan on top of cart to create portable work surface. Put a cutting board in the pan for prep work ... drippings and scrap are contained in the pan.
- Place additional sheet pans on the lower racks provide more space to transport fresh product, or soiled items.
- Swivel locking casters provide easy 4-way maneuverability; lock to create a stationary work table.
- Durable stainless steel construction; racks & funnel are easily disassembled without tools for clean-up.
- Multi-functional ... saves space in a crowded kitchen.

Design Features

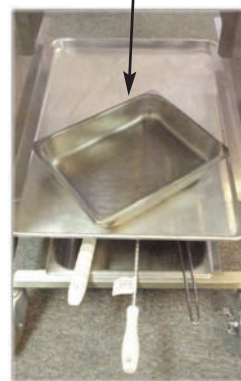

Nest full or half pan in funnel ... dump cooked product directly to pan for serving.

FIFO Rotation System
 Place pan of fresh product under funnel & transport to point of sale ... dump unsold product on top, then place new pan serving.

Put an 18x26 sheet pan on top; use as a utility cart or extra counter space; add a 15x20 cutting board and use as a prep table. Drippings and scrap are contained in the pan, making clean-up quick and easy.

Use lower racks to transport fresh items to the point of sale and to return soiled items to the kitchen.

A countertop version of the *Xpress-peditor* is also available, which provides some of the functionality without the cart. Specify: **Model LT-4-CT.**
